

Experience

D2Bridge LLC | UI Designer, Contract

JUL 2026 - PRESENT · SEATTLE, WA

Translated a client's working physical control dashboard into its first digital interface for an aluminum battery-generation system, mapping hardware buttons, indicators, movement controls, and analog scales across eight high-fidelity screens with no prior digital precedent.

Resolved competing requirements from two audiences within a single interface, determining which telemetry engineers required in full and which system states investors needed at a glance, and presenting the rationale behind every element removed.

Established the product's first component library of 10 reusable Figma components derived from the client's brand language, defining which patterns generalize across projects and which remain one-off.

Arizona State University, University College | Designer

DEC 2025 - MAY 2026 · TEMPE, AZ

Redesigned Work+, the employment platform used by 10,000+ ASU student employees, restructuring information architecture around observed student search behavior rather than internal institutional structure.

Built a 50+ component design system and style guide adopted by the central ASU brand team, documenting each component and determining which patterns entered the system and which stayed local.

Mapped content-discovery patterns across 15+ web properties to identify the underlying task students were attempting, replacing the feature requests stakeholders had proposed with a validated set of user goals.

Designed and shipped 100+ responsive interfaces for first-generation and transfer student audiences, holding typography, layout, and accessibility standards across every deliverable.

Arizona State University, VisLab | Visual Designer

JUN 2025 - DEC 2025 · TEMPE, AZ

Rebuilt the Teaching and Learning Centre website on Drupal and Pantheon for a platform serving thousands of faculty and students, improving information architecture and user flow while meeting WCAG 2.1 compliance within the build.

Advised the newly formed Center for Agriculture and National Security on content and structure for agsecurity.asu.edu, partnering with center leadership and engineers to translate their research into a public-facing site.

Saikshav Technologies | Graphic Designer

MAY 2020 - AUG 2022 · CHANDIGARH, INDIA

Delivered end-to-end UI design for 50+ client websites from wireframe through developer handoff, producing the interaction specifications engineers built from and running the client feedback cycles that brought each release live on schedule.

Selected Work

Vibin | iOS App, live on the App Store

Designed and shipped an iOS product from concept through launch, covering user research and interviews, user flows, a Figma design system, and SwiftUI implementation. Reached 50+ active users and ran 10+ usability sessions, with post-launch behavioral data driving each iteration.

Ripe | AI tool curation product, live

Designed and shipped end to end and solo, taking it from high-fidelity Figma interfaces to a deployed Node.js front end using Claude Code in the terminal, cmux, and Figma MCP across concept generation, documentation, and implementation.

Distill | Real-time translation tool

Sole designer on a cross-functional team under a 24-hour constraint. Shipped a working translation interface with an ASL accessibility mode designed in from the first concept rather than added afterward. \$2,000 Winner, HackAZona Microsoft Track.

Pastiche | Figma Community plugin, published

Converts museum-collection paintings into semantic design tokens across three scale levels. Adopted organically by designers internationally with no marketing spend.

Education

Arizona State University

MAY 2026 · TEMPE, AZ

Bachelor of Science, Industrial Design. Herberger Institute for Design and the Arts. GPA 3.74. New American University Scholarship recipient.

National Institute of Design

2021 - 2022 · ANDHRA PRADESH, INDIA

Bachelor of Design, Industrial Design. Admitted at All India Rank 90 on the NID Design Aptitude Test, a national entrance examination. Transferred to ASU.

Leadership

IDSA, ASU Chapter | President

2025 - 2026

Led professional development programming for 150+ student members. Produced Design Week, an ongoing speaker series, and an end-of-year showcase, and coordinated with faculty and industry partners to secure resources.

Awards

Winner, Pit Boss UX Competition 2024

Google Packaging Mentorship Program 2026

2nd Place, TiE Phoenix Pitch Competition, \$3,000 2024
